Edmonton, Alberta, August 9, 1967

I have audited the books and records of the Alberta Liquor Control Board for the year ended March 31, 1967.

Physical inventories of liquor, beer, containers, etc., were taken at March 31, 1967, by officials of the Board. Quantities were certified by respective warehouse and store managers.

Stocks were priced at cost landed in bond or duty paid cost in warehouses. The cost of transferring stock from warehouses to stores was not included in the inventory valuation.

Inventories included goods on consignment amounting to \$871,831.77, the corresponding liability being included with accounts payable in the Balance Sheet.

The appropriation of profits for capital account and reserve fund as provided by Section 25 of The Liquor Control Act amounted to \$10,155,985.52 as at March 31, 1967, after charging thereto \$8,822.25 representing loss on disposal of a building. There was no appropriation during the year under review.

The following items are not reflected in the Balance Sheet of the Alberta Liquor Control Board:

- (A) A contingent liability in respect of non-contributory pensions which may be awarded upon employees reaching retirement age and in respect of contributions under The Public Service Pension Act for employees' first year service.
- (B) Commitments in respect of uncompleted building contracts in the amount of \$40,368.34.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Alberta Liquor Control Board as at March 31, 1967, according to the information and explanations given to me and as shown by the books of the Board and the accompanying Statement of Profit and Loss correctly sets forth the result of operations for the year ended at that date.
